

Shading practice worksheet

Four ways to make a drawing look solid. Copy each one in the box beside it.

1. Value scale: make each box darker than the one before

3

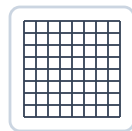

4

5

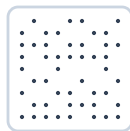

2. Four shading techniques. Copy each in the empty square.

Hatching

Cross hatching

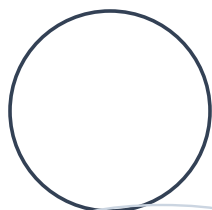

Stippling

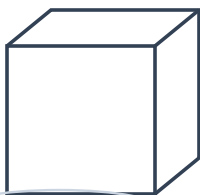

Blending

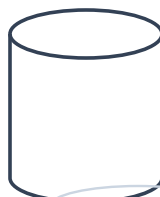

3. Now shade these forms. The light comes from the top left.

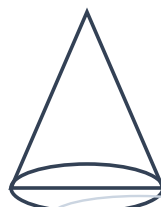

Sphere

Cube

Cylinder

Cone

4. The same forms again, but now the light comes from the RIGHT.
